BARLEE GOLD PROJECT

Sale Agreement with Ramelius

Beacon Minerals Limited (“Beacon” or “Company”) announced on the 2 February 2012 that it had signed a sale agreement with Ramelius Resources Limited (Ramelius) to sell its 80% interest in the Barlee Gold Project ML77/1254. The sale agreement was subject to approval by shareholders at a General Meeting to be held on 12 March 2012.

Consideration for the sale of the Barlee Gold Project ML77/1254 to Ramelius was;

- Payment of \$4 million cash representing reimbursement of exploration expenditure;
- Royalty of \$80 per ounce for gold produced from 1 to 40,000oz from ML77/1254; and
- Additional royalties payable for production above 40,000oz.

At the General Meeting on 12 March 2012, held to decide the outcome of the sale of the Barlee Gold Project ML77/1254 to Ramelius, shareholders voted against the sale. 284,780,610 shares voted against the sale and 192,789,931 for the sale.

Shareholder approval was required as a condition precedent under the terms of the sale agreement with Ramelius for the sale to be completed.

Review of Options for Progressing the Barlee Gold Project

The Beacon Board has had initial meetings with three prospective parties for the development of the Halleys East deposit and will continue to explore any further alternative options to bring the Barlee Gold Project into production.

Mining Proposal to Department of Mines and Petroleum (DMP)

The DMP have reviewed the Mining Proposal submitted by the Company and requested that further information be provided to them including a mine closure plan, further geotechnical studies and a proposal for the management of the mine water during mining. These outstanding issues are currently being attended to.

Commencement of Field Work

During the quarter fieldwork commenced on the Barlee Gold Project aimed at preliminary geochemical and access assessment for the proposed exploration program on targets defined by a previously completed independent geological review.

The focus of the field work was to evaluate the revised target areas identified in the independent geological review carried out late last year.

AFRICAN REGIONAL ASSETS

Withdrawal from Previously Announced Negotiations

The Board advised ASX on the 5 April 2012 that it had withdrawn from the previously announced negotiations to acquire assets in the "African region."

The Board of Directors reviewed the available information, and taking into consideration Beacon's renewed focus on the Barlee Gold Project, the Board determined not to proceed with this transaction.

Beacon confirms its intention to continue to pursue opportunities in the minerals sector in Australia and elsewhere, taking into account the geological and economic merits of any opportunities presented.

CORPORATE

During the quarter the Company received a Section 249D notice requesting that the Company convene a meeting of shareholders to remove Mr Paul Lloyd, Mr Darryl Harris and Mr Matthew Egan as Directors of the Company and appoint Mr Graham McGarry, Mr Geoffrey Greenhill and Mr Marcus Michael as Directors of the Company.
