Third Ore Batch milled December 2014 and finalised in January 2015

Beacon announced on 13 January 2015 that it had completed its third milling campaign at the FMR Greenfields processing facility.

Managing Director Graham McGarry said “The completion of the third milling campaign provides further confidence that the grade control measures currently in place at Halleys East are working well. The gold recovered for this third campaign, 3,637 ounces, brings the total recovered gold from Halleys East to 8,779 ounces”.

Ore Processing at Greenfields Mill, Coolgardie

The ore processing of the third milling campaign at the Greenfields Mill, Coolgardie resulted in 12,864 dry metric tonnes (dmt) being milled with an overall mill feed grade of 9.39 Au g/t.

This included the low grade flush ore processed at the completion of the 11,330 dmt higher grade ore that averaged 10.04 Au g/t, against a predicted grade of 10.0 Au g/t. The average mill recovery was 93.63%.

Beacon continues to deliver ore to the mill as the Company progresses towards Milling Campaign 4 which has been rescheduled for early March 2015.
