The Company continues to ramp up to commercial production mining activities on site and have now recommenced mining activities to provide ore from Panel 1.

The Company will also commence exploration drilling on 27 September 2019 with the aim of growing the Resource inventory. Only 10% of the paleochannel system at Jaurdi has been explored. The Company is aiming to add additional ounces to grow the mine life.

As previously advised the Company is also reviewing opportunities to extend the mine life at Jaurdi and will keep the market informed of any developments.

Managing Director Graham McGarry commented:

“We are very pleased that important hurdles are continuously being achieved by the Company. We are on track for full production in Q4 2019.

“It is an exciting time for the Company, with a record Australian gold price and the initial gold sale bringing first revenues into the Company from production.”

About Beacon Minerals Limited (ASX:BCN)

Beacon Minerals Limited is an ASX Listed Company with its current focus being at the Company’s 100% owned Jaurdi Gold Project and transitioning to a gold producing Company.

The Company has been commissioning its 500,000 tpa gold processing facility at the Jaurdi Gold Project, with Mill throughout currently running 20% above the Pre-Feasibility (PFS) budget.

The Jaurdi Gold Project PFS results outline a forecast life of Mine (LOM) surplus operating cashflow of \$98.4 million at a gold price of \$1,650 per ounce versus today’s gold price of AU\$2,200/oz (refer to PFS announcement dated 29 August 2018).

Beacon confirms that it is not aware of any new information or data that materially affects the information included in its PFS announcement dated 29 August 2018. All material assumptions and technical parameters underpinning the estimates used in the PFS announcement continue to apply and have not materially changed.

Competent Person Statement

The information in this report that relates to the Ore Reserves is based on information compiled by Mr Gary McCrae, a Competent Person who is a Member of the Australasian Institute of Mining and Metallurgy. The estimated ore reserves and/or mineral resources underpinning the production target have been prepared by Mr McCrae in accordance with the requirements in Appendix 5A (JORC Code). Mr McCrae is a full-time employee of Minecomp Pty Ltd. Mr McCrae has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the “Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves”. Mr McCrae consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

This ASX announcement contains information extracted from the following reports which are available on the Company’s website at www.beaconminerals.com.au:

- 29 August 2018 Pre-Feasibility Study (PFS) Results for the Jaurdi Gold Project

The Company confirms that it is not aware of any new information or data that materially affects the production targets included in any original market announcements referred to in this report and that no material change in the results has occurred. The Company confirms that the form and context in which the Competent Person’s findings are presented have not been materially modified from the original market announcements. All material assumptions and technical parameters underpinning this estimate continue to apply and have not materially changed.

Disclaimer

This ASX announcement (Announcement) has been prepared by Beacon Minerals Limited (“Beacon” or “the Company”). It should not be considered as an offer or invitation to subscribe for or purchase any securities in the Company or as an inducement to make an offer or invitation with respect to those securities. No agreement to subscribe for securities in the Company will be entered into on the basis of this Announcement.

This Announcement contains summary information about Beacon, its subsidiaries and their activities which is current as at the date of this Announcement. The information in this Announcement is of a general nature and does not purport to be complete nor does it contain all the information which a prospective investor may require in evaluating a possible investment in Beacon.

By its very nature exploration for minerals is a high risk business and is not suitable for certain investors. Beacon’s securities are speculative. Potential investors should consult their stockbroker or financial advisor. There are a number of risks, both specific to Beacon and of a general nature which may affect the future operating and financial performance of Beacon and the value of an investment in Beacon including but not limited to economic conditions, stock market fluctuations, gold price movements, regional infrastructure constraints, timing of approvals from relevant authorities, regulatory risks, operational risks and reliance on key personnel.

Certain statements contained in this announcement, including information as to the future financial or operating performance of Beacon and its projects, are forward-looking statements that:

- may include, among other things, statements regarding targets, estimates and assumptions in respect of mineral reserves and mineral resources and anticipated grades and recovery rates, production and prices, recovery costs and results, capital expenditures, and are or may be based on assumptions and estimates
